Tire/Wheel Kit

\$36.99

This kit includes our Tire Finish and Metal Polish along with our custom Foam Applicator and Micro Fiber Towel. A great way to both polish your wheels (and exhaust tips) and treat your tire with our water based LOW shine Tire Finish.

Guaranteed

World Class™ Wax (16 oz)

\$19.99

C-Magic's World Class™ WAX introduction finally achieves what other waxes have promised but failed to achieve. Polymer based for exceptional longevity, our wax provides optical clarity with the warmth, gloss and shine depth unparalleled in other wax systems.

Our state of the art bonding agents perform for a minimum of 6 months while providing a shine that has only been available in carnaubas before our introduction. Independent lab analysis verified this protection in numerous tests.

World Class™ WAX will not stain trim, leaves no white residue and most importantly can be layered over indefinitely. While other waxes require you to mix or undergo numerous successive coating steps, World Class™ WAX simply allows recoating as often as you like. No messy preparation – no waiting – no 2-3 coats in a certain time period. Simply recoat as often as you prefer!

While most wax products are formulated for shine or some other characteristic, C-Magic™ understood from the beginning formulation that application and removal where as important as the final product appearance and protection. If it is difficult to apply, difficult to remove, then it is not the product people want.

Removed with World Class™ DETAIL WAX, you achieve a warm lustrous shine unlike anything you have experienced with other waxes.

Guaranteed

**World Class™ Detail Wax
(16 oz)
\$17.99**

C-Magic™ incredible Detail System is designed to be used both as a quick detail wax and to remove the wax haze in waxing your automobile. Experience the easiest haze removal you've ever experienced while enjoying a streak free finish. Our DETAIL WAX adds wax components, clarity enhancers and bonding agents to allow even more surface stability, while providing that deep warm shine that other polymers only hope to duplicate.

You will notice immediately that our World Class™ DETAIL WAX allows working time while applying and will not dissipate before you finish a panel.

Used as a quick detailer, you will experience a rejuvenated finish when you apply between washings. The clarity agents and bonding agents will help your polish to continue to perform as designed. Use as a show car enhancer or just to renew your finish. You will be surprised with its exceptional qualities.

Engineered to Shine™ will have a new meaning once you've tried our World Class™ DETAIL WAX.

Guaranteed

**World Class™ Detail Wax
(32 oz) New!
\$28.99**

Now available in a 32 ounce size! A savings of \$7 over the two individual pint equivalents.

**World Class™ Leather
(16 oz)
\$17.99**

Over time, sunlight dries out leather. Dirt, along with body oils saturates leather pores in the seat surface. World Class™ LEATHER is formulated to help restore your interior's drying leather and by replacing the natural oils with lanolins and other proteins. Additional softening agents help to relax the tautness and restore flexibility to your vehicle leather while imparting a low luster.

Remember to treat your interior at least once a month to remove contaminants and restore your leather nutrients.

World Class™ LEATHER fragrance will remind you of how leather should smell.

Your search for a corrective leather treatment is over with World Class™ LEATHER!

Guaranteed

**World Class™ Tire Finish
(16 oz)
\$15.99**

C-Magic™ TIRE FINISH is formulated expressly to achieve the ***original OEM tire appearance.***

Our benchmark in development, was to achieve what many products state as attributes, but what we have found was very difficult to achieve - no spin off or sling off. Additionally we found true enthusiasts wanted a finish that could be applied onto the tread grooves for show events and displays, not to mention they needed a non-solvent approach for that natural appearance.

If you have been searching for these attributes in a tire finish that gives you that original OEM tire appearance, look no further!

Our Tire Finish truly achieves these goals and has been accepted by enthusiasts displaying older classics or Corvettes to collector cars on show fields at Ferrari Cavalino and Pebble Beach.

Tire Finish can also be used underhood on all rubber and vinyl to achieve the same low luster appearance, as well as, interior vinyl and dashes.

**World Class™ Wash (16 oz)
\$11.99**

C-Magic™, along with external chemists and formulators, analyzed what we could do to achieve a more controlled wash product. First was the ability to buffer the automobile surface from scratches during the cleaning process. Second was to keep the vehicle wet during the wash process to prevent water spotting. Finally, have longevity in the suds to complete the wash without diminishing. Tough to do, but we are confident that we have achieved these goals along with the correct washing procedures.

Innovative in our approach, we actually found a low suds approach is more easily controlled than an excessive suds approach. While extreme suds offered a “good feeling”, we found we had to be very careful to rinse thoroughly while continuing to keep the vehicle wet during the wash cycle.

We think our WORLD CLASS™ WASH will satisfy your search for a superior wash product. Our formulation keeps the surface wet while you continue to wash without water spotting. Bug removal will be a breeze with this product. A Florida favorite for Love Bug season.

**Interior and Underhood
Vinyl/ Plastics/Rubber
Protectant (16 oz)
\$14.99**

C-Magic's newest introduction is a dedicated Vinyl/Plastics/Rubber protectant/finish that restores sun fade while imparting a **MATTE OEM** finish to your vehicle's components.

Extremely dry – NON GREASY- does not show fingerprints or smudges. Easily applied to all Plastics Trim, both underhood shrouds, hoses, plastics and interior trim and dash. **Shine can be reduced by simply adding water to your satisfaction.**

Long lasting protection with UV.

**Interior and Underhood
Vinyl/ Plastics/Rubber
Protectant (32 oz) New!
\$22.99**

Now available in a 32 ounce size! A savings of \$7 over the two individual pint equivalents.

Long lasting protection with UV.

**Metal Polish (16 oz)
\$19.95**

C-Magic's Metal Polish quickly imparts a high luster on aluminum, stainless steel and chrome.

Use it on exhaust tips, wheels and engine accessories. Use anywhere oxidation or pitting has deteriorated the surface or a high sheen is required.

**High Density Foam
Applicators
\$4.99**

C-Magic's new Foam Applicators are custom cut from high speed rotary buffing pads. These pads will NOT deteriorate with age, repeated use or washing. Will NOT tear. We haven't yet determined the lifespan on these pads as 2 years + of repeated use has not caused fatigue.

Not too big nor too small, it is easily the best pad available.

This pad can be washed and re-used, but make sure to wash by hand. Excellent wax coverage and no skips will delight users.

Microfiber Towel
\$4.99

Our microfiber towel has been described as the "best" standard - sized, general purpose towel by Corvette Enthusiast Magazine (May 2008). We call it the most efficient towel we've ever used to remove wax haze or as a wipe down towel for "quick detailing."

16" x 16" of microfiber material, there are NO NYLON edges to cut or scratch your prized automobile. Some larger towels make it difficult to keep them from spreading over too large a surface, while smaller ones prevent enough surface to effectively remove the wax haze.

This towel has the right construction weave to be effective, the right size and without nylon edges that scratch. Your acceptance, as always is Guaranteed!

Microfiber Combo Pack
\$6.99

Our microfiber towel has been described as the "best" standard - sized, general purpose towel. We call it the most efficient towel we've ever used to remove wax haze or as a wipe down towel for "quick detailing".

Combine our microfiber towel with our wax applicator pad and you're ready to wax and detail your automobile regardless of where you find yourself. The towel is 16" x 16" of microfiber material, the pad is 6" x 4" x 1".

This towel and pad have the right construction weave to be effective, the right size and without nylon edges that scratch. Your acceptance, as always is Guaranteed!

Microfiber Three Pack
\$13.99

Our microfiber towel has been described as the "best" standard - sized, general-purpose towel in Corvette Enthusiast Magazine (May 2008). We call it the most efficient towel we have ever

used to remove wax haze or as a wipe down towel for "quick detailing".

The towel is 16" x 16" of microfiber material. Use to remove the wax haze or to apply a quick detailer, you will be surprise with the results you get with these towels. A three pack, these towels will last for years and safely perform almost any detailing task one desires.

This towel and pad have the right construction weave to be effective, the right size and without nylon edges that scratch. Your acceptance, as always, is guaranteed!

C-Magic Apparel

Be the best dressed person at the show while protecting your clothing – not to mention your head, while wearing our C-Magic apparel!

T-Shirts, \$10

Our C-Magic t-shirts are 100% cotton, pre-shrunk, and made by Port and Company. Our corporate C-Magic logo (front only - approx. 12") stands out in any crowd and can be seen at car shows from the local drive in to Pebble Beach!

Hats, \$8

Protect your head while wearing our C-Magic baseball style hats. Comes in red, white, or black. Specify color during checkout under "Additional Information."

Apron, \$12

Our knee length apron comes with pockets and is washable for repeated use.
