

RADIANT APPLICATION

- A) Before using RADIANT, be sure insure that you've inspected and removed any surface issues to your satisfaction.
- B) Make sure you've washing thoroughly with Dawn or other dish detergent, rinsed well and no contaminants remain.
- C) RADIANT can be applied over C-Magic's wax if desired.
- D) Mist only no more than 2 panels before buffing with a fresh microfiber towel and bring to a bright shine.
- E) Continue around vehicle until complete.
- F) Allow to sit 12-24 hrs. to cure.
- G) Recoat as often as desired to "build" surface thickness of RADIANT.
